Measure of the Dean No. 29/2018

Obligation to notify preparatory work on the creation of projects submitted under another institution

As a result of the increase of the FFPW USB employees' activity in the form of preparation and subsequent submission of projects under another institution, I issue this Dean's Measure, which regulates the notification obligation for the preparation of these projects, their applications. The aim of the Dean's Measure is to bring the internal information about these activities in order.

Every employee with more than 50% of workload at the FFPW USB has the obligation to inform his/her supervisor about the intention to prepare, submit the project application under another institution. This Measure concerns project plans where the personnel costs allocated to the FFPW USB staff are planned at another institution (the employee is an employee of another institution for the purpose of implementing the project).

This Measure of the Dean takes into effect on October 3, 2018
