

Ref. No. 09/0150/15

Vodňany, 29.4.2015

Dean's decision No. 19/2015 Publicity and website of the FFPW USB

Mr. Nebeský ensures, arranges and is responsible for the promotion (e.g. promotional materials, advertisements, participation in exhibitions, trade fairs, and promotion of study and services of the FFPW USB in the media).

Ms. Kovaříková is responsible for activities coordination and checking the accuracy of the content of the website of the FFPW USB (the "Website"). A specific list of personnel responsible for the partial content and topicality of the various parts of the website of the FFPW USB (CZ, GB) is attached (Annex No. 1). Each responsible worker deals directly with Mr. Vlk, Čapek or Rodina when submitting data and editing pages. Ms. Kovaříková will be also informed about these changes when necessary. Faculty staff sends all reports on the website of the FFPW USB to Ms. Kovaříková. News is compulsory required **in Czech and English version**. The news must be accompanied by photographs or other illustrations. Topicality and accuracy of the website will be controlled by the Dean of the Faculty. Individual responsible staff will be sanctioned by reducing or removing personal rewards in case of identified serious deficiencies.

The exceptions can be decided by the Dean.

This decision cancels the Dean's decision No. 29/2014.

This decision comes into effect on 29.4.2015.

Prof. Dipl.-Ing. Otomar Linhart, DSc.
Dean of FFPW USB

Annex:

Annex No. 1 - List of responsible staff (CZ, GB website versions)

List of responsible staff (CS, GB website versions)

Home page and topicality of published information (PR texts, Faculty Structure) – Linhart

We are a young active Central European scientific faculty that creates a self-sustaining economic, social, dynamic and nature-friendly Europe.

Prof. Bohumír Opatrný, B.Sc., Dean of the faculty

1 Youth and productivity

150
employees

50
doctors/students

230
other students

2 European Investments

European investments focus on the cutting-edge basic and applied science

3 The heart of Europe

Location of the Czech Republic is a very convenient one for various European cities and countries

4 International scientific reputation

5 Study in family atmosphere of South Bohemia

6 International environment

>1/2

More than 1/2 of Ph.D. students came from abroad

Our focus and results of our research

We offer applicants to study Aquaculture and Protection of Waters in English in the form of Master's and Doctoral study

Cooperation with European and worldwide partners on 7 international projects

Patents, licenses, technologies, trademarks, business activity

We publish about 100 papers in prestigious scientific journals each year

Faculty structure

Research Institute of Fish Culture and Hydrobiology (IFCH)

+ 1st Deputy

1st Deputy
Institute helping to create global trends in fisheries with regard to conservation of biodiversity of hydroecosystems in Europe. It has research facilities, laboratories and technologies for students, scientists and entrepreneurs.

Institute of Aquaculture and Protection of Waters (IAPW)

+ 1st Deputy

1st Deputy
Institute oriented to applied research of aquaculture and scientists specialisation in the areas of fish farming, fisheries, fish and aquaculture hydrobiology and water protection. It's culture sells quality fish products here.

Institute of complex systems (ICS)

+ 1st Deputy

1st Deputy
Students and scientists as planters, cropers and general agricultural production in the modern workshops. They cooperate with European Fisheries Institutes where to a need to start, train and process as pathologists.

International Environmental Advisory and Information Centre of Water Protection (IEAWIC)

+ 1st Deputy

1st Deputy
