

CALL FOR PROJECT TO SUPPORT ENVIRONMENTAL AND SOCIETAL RESPONSIBILITY AND SUSTAINABILITY IN THE FIELD OF FISHERIES AND WATER PROTECTION IN THE CZECH REPUBLIC.

GET UP TO CZK 255,000 FOR YOUR PROJECT

WHAT'S THE DEAL?

Thanks to the cooperation of our faculty with ČSOB JSC, we will **support up to four student projects** that will contribute to the sustainability of fisheries and the protection of nature, landscape and water. Student teams will implement projects with a socio-environmental overlap.

HOW TO APPLY?

Fill out the form found on the Faculty's website (Study at the Faculty/ Call for CSOB Project) or via QR code and **send it to the Coordination and project worker** Matina Křivancová (krivancova@frov.jcu.cz). The committee will select the best projects whose researchers will receive interesting scholarships for their implementation.

WHAT NEEDS TO BE DONE?

The investigator and co-investigators will prepare a **final report** in a professional-popular form, describing the project and the **results achieved with emphasis on their social relevance**. The report must include high quality **photographs** and ideally **short engaging videos**.
