

WORKSHOP

The regional issue of invasive non-native species in the Czech Republic and Germany

November 8, 2023

The international environmental education, advisory and information centre of water protection (MEVPIS), Faculty of Fisheries and Protection of Waters
Lecture room on the 1st floor, Na Valše 207, 389 01 Vodňany

Programme

- 8.30 – 9.00 **Jana Pěkníková** (*Ministry of the Environment of the Czech Republic*)
Invasive species in Czech legislation and possible tools for their regulation
- 9.00 – 9.30 **Tomáš Görner** (*Nature Conservation Agency of the Czech Republic*)
Ongoing projects and methodological support for field application – the case of Asian hornet
- 9.30 – 10.00 **Jan Pergl** (*Institute of Botany of the Czech Academy of Sciences, Prague*)
Biological invasions seen from the ivory tower of science and from close up view.
What can we do in practice?
- 10.00 – 10.30 **Phillip J. Haubrock** (*Senckenberg Research Institute and Natural History Museum Frankfurt, Department of River Ecology and Conservation, Gelnhausen*)
Long term trends and consequences of biological invasions
- 10.30 – 11.00 *Coffee break*
- 11.00 – 11.30 **Petra Plachtová** (*Faculty of Fisheries and Protection of Waters, South Bohemian University*)
Educational events as a tool to increase public awareness of ecosystems and biological invasions - from kindergarten to university level
- 11.30 – 12.00 **Pavel Jurajda** (*Institute of the Vertebrate Biology of the Czech Academy of Sciences, Brno*)
Invasive fish in the Czech Republic: potential risks
- 12.00 – 12.30 **Miloš Buřič** (*Faculty of Fisheries and Protection of Waters, South Bohemian University*)
Examples of the (un)successful fight against invasive crayfish and why do we actually mind?
- 12.30 – 13.00 Optional discussion
- 13.00 *The end of the official part*
