

Dear colleagues,

I am announcing a call from the PPSŘ for the support of international cooperation at the FFPW JU. **ATTENTION - this is a challenge beyond the requirements of the Erasmus + program.** It is possible to draw the amount of CZK 25,000 per mobility within the call; if this amount is insufficient, it is necessary to find financing from other sources.

Within the call, it is possible to implement employee mobility implemented anywhere (both in Europe and outside Europe) (minimum workload 0.5 for FFPW), either for a teaching stay or training of **at least five days. Teaching mobilities take precedence over training mobilities. Priority is then given to employees who have not participated in any Erasmus+ mobility during the academic years 2025/26 or 2026/27.** Eligible period to 30.11. 2026.

In case of interest, please answer this email **not later than August 10, 2026** (lkacerova@frov.jcu.cz) and **send a cover letter in English stating your motivation and plan of action.**
